## 如东“双星”闪耀世界魔术大会

代表中国首获最佳原创作品奖和魔术发明奖

>>07

The diagram illustrates the 'Cloud Quick Handling' (云快处) process for minor traffic accidents. It starts with a 'Report to 110' (拨打110报警) step, followed by a 'Cloud-based Traffic Accident Handling Service Center' (道路交通事故云处理服务中心) which 'Guides to take photos and leave the scene' (指导取证撤离现场). A 'Convenient! Quick!' (方便! 快捷!) note is shown. The process then branches into two main paths based on the '事实 (Fact)' (事故事实):

- 事故事实不清 (Fact不清):** Leads to 'Guide to jurisdictional traffic police detachment for investigation and handling' (引导至辖区交警大队调查处理).
- 事故事实清楚 (Fact清楚):** Leads to 'Guide to enter the WeChat mini-program "Accident Cloud Quick Handling" for video remote responsibility determination' (引导进入微信小程序“事故云快处”视频远程定责).

From the 'Fact清楚' path, it further branches into 'Responsibility Disputed (责任有争议)' and 'Responsibility Not Disputed (责任无争议)'.

- Responsibility Disputed:** Leads to 'Guide to nearest traffic accident insurance claims service center for responsibility determination and claims' (引导至最近的交通事故保险理赔服务中心定责理赔).
- Responsibility Not Disputed:** Leads to 'Insurance company online direct compensation' (保险公司线上直赔).

Specific scenarios are outlined for each path:

- 损失无法确定 (Loss cannot be determined):** Leads to 'Insurance company online direct compensation' (保险公司线上直赔).
- 双方事故: 车损2000元以下 (Both parties: vehicle damage under 2000 yuan):** Leads to 'Insurance company online direct compensation' (保险公司线上直赔).
- 停放受损: 车损5000元以下 (Parking damage: vehicle damage under 5000 yuan):** Leads to 'Insurance company online direct compensation' (保险公司线上直赔).
- 单方: 车损1万元以下 (Single party: vehicle damage under 10,000 yuan):** Leads to 'Insurance company online direct compensation' (保险公司线上直赔).

At the bottom left, it says '制图: 顾晓平' (Designed by Gu Xiaoping).

## “云快处”

轻微交通事故  
可线上快速处理

>>03

昨天,南通市道路交通事故云处理服务平台上线,“一站式”提供线上视频指导、在线定责、人伤救援等服务。据测算,当事人通过“南通交警事故云快处”微信小程序,轻微事故最快20分钟可完成远程快处快赔。
