Dieshiqiao and Zhihao work together

## To promote integrated development of Nantong home textile market

By Tang Xiaofeng

On 3 March, secretary of CPC Nantong Committee Xu Huimin, deputy secretary of CPC Nantong Committee and Mayor Wang Hui visited Tongzhou Zhihao and Haimen Dieshiqiao home textile markets, and studied the three years implementation plan of home textile market integrated development. Xu Huimin emphasized that the two markets shall plan the building of new function area of the city, and improve home textile industry development further. Xu Huimin mentioned the ‘four identical items’ integrated development way which meant identical understanding, identical planning, identical industrial development and identical service guide.

The two markets are located in Tongzhou district and Haimen district respectively. Focusing on the major parts and difficult problems in integrated development, transformation and upgrading of Nantong home textile market, CPC Nantong Committee and Nantong government will publish *Nantong home textile market integrated development implementation plan for the next three years*, promote informatization, standardization and branding of Nantong home textile market by implementation of home textile brand upgrading plan, improving market functional facilities, improving market environment and building cross border e-commerce industrial park, to let market management, industrial expansion and infrastructure facilities building obtain remarkable achievements, form a multi-function, multi-type, multi-level, characteristic integrated trade market with domestic and foreign trade, become a global home textile benchmark market and make a good start of ‘Nantong home textile’ brand.

tion and upgrading of Nantong home textile market, CPC Nantong Committee and Nantong government will publish *Nantong home textile market integrated development implementation plan for the next three years*, promote informatization, standardization and branding of Nantong home textile market by implementation of home textile brand upgrading plan, improving market functional facilities, improving market environment and building cross border e-commerce industrial park, to let market management, industrial expansion and infrastructure facilities building obtain remarkable achievements, form a multi-function, multi-type, multi-level, characteristic integrated trade market with domestic and foreign trade, become a global home textile benchmark market and make a good start of ‘Nantong home textile’ brand.

“ Zhi Hao market (China Nantong home textile city), has a floor area of about 1 million square meters, more than 4300 home textile merchants, more than 300 research, development and design companies. In 2019, the turnover the market is over 70 billion Yuan. Since 2008, China (Chuanjiang) home textile sketch fair has been held every year.

## Jinghua pharmaceutical donated medicines to Iran

By Feng Qirong

On 7 March, requested by general consulate of Iran in Shanghai, Jinghua pharmaceutical group donated 834 thousand Yuan medicine to Iran.

On 6 March, after Jinghua pharmaceutical group got to know that Iran asked for help, the board chairman Yi Hongyu got epidemic control medicine including chloroquine phosphate and arranged transport vehicles immediately.

‘A friend in need is a

friend indeed. When Iran people are in difficulty, you send medicine at once. Iran people will never forget about it.’ At the spot of donation, consul general of Iran in Shanghai Azar Sharabiani was deeply touched by the action of Jinghua pharmaceutical group. He said that the medicine would be distributed to relevant hospitals in Iran in a week.

In the talk Yi Hongyu said that the donation was to promote international humanitarianism and perform social duty of Chinese companies.

At 6:30 of 3 March, the new deep-sea semi-submersible drilling platform built by Nantong Keppel shipyard set off from Nantong Langshan anchorage by semi-submerged ship *Black Marlin*. It will carry marine engineering floating bodies which worth 410 million Yuan to Singapore.
