## Nantong private economy development conference and the 3rd Nantong entrepreneur convention held

By Tang Xiaofeng, Lu Zhaoxin, Zhu Wenjun and Zhang Ye

On 27 March, thousands of entrepreneurs gathered at Zilang Lake for Nantong private economy development conference and the 3rd Nantong entrepreneur convention. Secretary of CPC Nantong Committee Xu Huimin, Mayor Wang Hui and other municipal leaders attended the conference. 8 entrepreneur representatives including ‘Zhang Ji-

an cup’ outstanding entrepreneurs were invited to take seats at the rostrum.

Xu Huimin said that the opening of Nantong private economy development conference and the 3rd Nantong entrepreneur convention showed that CPC Nantong Committee and Nantong government helped and went together with entrepreneurs from start to end. Private economy worked as powerful momentum and important support for high quality

development of Nantong. Government-company wechat groups were created, information express service was provided, private company service center was established to ensure no barriers between our government and companies; policies were implemented in time to ensure no discount on their effects.

130 excellent private companies including ‘Nantong top 10 private companies’ were awarded on the conference. Entre-

preneur representatives such as board chairman of China Tianying Inc. Yan Shengjun, general manager of Huafeng Microfibre (Shanghai) Co., Ltd. Duan Weidong, board chairman of Yuexing Group Ding Zuohong, board chairman and president of Zenith Steel Group Co., Ltd. Dong Caiping, board chairman and president of Hengli Group Chen Jianhua delivered speeches. 20 major projects covering over 2 billion Yuan investment were signed together. The total investment volume was over 140 billion Yuan.

On 24 March, the only Nantong local tea brand ‘Langshan Chunxiao’ officially started to pick tea in Jun mountain. Tea trees in Jun mountain are of good varieties. It produces a typical roasted green tea that is featured with unique color, scent and taste. Photo by Xu Congjun

### Entrepreneur's talk

Board chairman of China Tianying Inc. Yan Shengjun:  
**Rooted in Nantong, focus on main business**

In 2019, China Tianying purchased global environmental protection giant Urbaser successfully. It was the largest buyout case of the industry in the world. Among the global solid waste treatment industry, China Tianying ranked 4th. In 2019, the operation revenue exceeded 18.5

billion Yuan. It is expected to reach 21 billion Yuan this year. To achieve this goal, Tianying will focus on the followings:

The main part of Urban environmental service is domestic waste and solid waste reduction, harmless and recycling disposal has attracted high social demands and explored large industrial space. China Tianying will focus on the main business devotedly.

In 2019, Urbaser got the bid of operation of Iss é ane waste incineration power plant that is largest waste incineration power plant in Paris region. Besides, this project is the only one to operate buried waste incineration power plant in the world. The world’s second largest project in the industry is Hanoi Vietnam project. It was progressed by schedule and will be in operation by end of October. Recently Tianying has signed many international projects in Britain, France, Singapore, Vietnam and so on.

## Nantong held the spring salon of Nantong merchants abroad association

By He Jia yu

On 28 March, Nantong held the spring salon of Nantong Merchants Abroad Association, invited Nantong merchant representatives all over the world to exchange ideas, discuss how to support epidemic prevention in other countries currently and talk about difficulties in manufacture and operation, so as to promote development of Nantong merchants together.

Since the start of COVID-19 epidemic, 31 Nantong ‘the Belt and Road’ overseas work stations have activated 43 overseas branches of

the association of Nantong merchants abroad to donate emergent medical supplies by using wechat groups, video conferences and initial written proposals.

Same day, Nantong association of merchants abroad donated 300 epidemic prevention and health kits that each of them was worth 1350 Yuan to Nantong entrepreneurs abroad. The kits include medicine such as Wang Shi Bao Chi Pills and other health products.

Qingdun relics located at Nanmo town of Hai’an is a relic of Neolithic times. In May 2006, Qingdun relics was listed in the 6th national major cultural relic protection site by the State Council. Photo by Xu Congjun
