

# Nantong report

## ‘Show Jiangsu’ photography collection started in Nantong

By Lu Zhaoxin and Xu Congjun

On 14 September, ‘Show Jiangsu’ photography collection event was started in Nantong. Journalists and photographers from international famous media such as European Pressphoto Agency, Agence France-Presse, AgenciaLusa, Kazakhstan News Agency, Yomiuri Shinbun of Japan, Die Presse of Austria, and German television came to Nantong, told full scale high quality development stories by unique views and wonderful lens language.

As an important brand event of Jiangsu publicity department, ‘Show Jiang-

su’ photography collection event was planned by Jiangsu information office and Xinhua news agency news and information center together. In the past 3 years, press-photographers and famous photographers of more than 30 domestic and foreign major media including Agence France-Presse, European Pressphoto Agency, Kyodo news agency of Japan, Getty Images, Magnum photos, and NHK went to 11 Jiangsu cities with districts, took more than 3000 photos, spread Chinese stories and shaped Chinese images with practices, stories

and culture of Jiangsu.

This year, journalists and photographers of foreign media went to three coastal cities which are Nantong, Yancheng and Lianyungang, experienced Jiangsu coastal ecological scenery belt, coastal scenic town belt and high quality development economic belt with camera lens and videos.

‘I am really looking forward to the event.’ contract photographer of Agence France-Presse Raul Ariano said that while economy has been developing at a fast pace in Jiangsu, ecological environment was also taken care of, people and nature live in harmony.

## Zhang Jian Cup design competition works evaluation started

By Chen Ke

On 17 September, Zhang Jian Cup – 2021 China International Home Textiles Product Design Competition works evaluation was held. In total 699 works were received from domestic and foreign companies, schools and individual designers.

It is the 16th year of Zhang Jian Cup design competition. It is also the first time the competition was held after Nantong international home textiles industry park was open. The number of works collected was the most in the past few years. Among them, there are 64

participating works from foreign countries such as Korea; 290 bedding works from places over the state, the number was doubled compared with that of last year. Domestic participating works are not only from domestic front line home textile brand enterprises such as Luolai, Violet and Sunvim, but also from universities such as Jiangsu College of Engineering and Technology and Nantong University. There will be 18 product design gold, silver and bronze awards, 30 excellence awards, 5 future designer star awards and a few brand fashion awards.

## Another foreign aid project of Nantong enterprise started

By Liu Lu

Recently aiding Ghana project Ho medical university phase 2 project contracted by Nantong Si Jian construction group was started officially at the capital city of Volta region, Ho.

Ghana is located in the west of Africa. It has stable government and good public security, and has been a friend of China. It is learnt that Ghana Ho medical university phase 2 project is located at the capital city of Volta state, Ho. The project includes four major buildings which are

university administrative building, college administrative building, academic building and training building. The bid price is 355 million Yuan. The scheduled duration of the project is 36 months. After completion, Ho medical university will own the largest nursing and midwife college with best facilities in Africa.

At the opening ceremony, president of Ghana Akufo-Addo said in his speech, ‘I am grateful for supports from Chinese government and people. We treasure the friendship between China and Ghana.’
