2022 China Nantong international home textile (spring and summer) trade fair open

By Li Tong and Zhu Wenjun

On 21 June morning, 2022 China Nantong international home textile (spring and summer) trade fair was open. More than 1200 people including people in charge of platform firms, channel business, and home textile enterprises and people in charge of chambers of commerce and associations gathered at Dieshiqiao interna-

“Nantong is called ‘hometown of textile’. Home textile is an industrial landmark and urban name card.

tional home textile expo center, to discuss about new development and share new opportunities. On the day, Jingdong Nantong home textile shopping festival was also online,

‘Taobao Tmall (Nantong) commercial operation center’ was open. Nantong is called ‘hometown of textile’. Home textile is an industrial landmark and

urban name card. After more than 40 years of hard work of Nantong home textile workers, more than 5500 home textile enterprises including Luolai, Golden sun, violet, and Bermo and more than 10000 merchants have gathered in Nantong. The products are sold to more than 150 countries and areas in the world. The sales take up ‘half of the land’ of home textile market in China.

Fight with high temperature
