One flight every day from 21 June

By Li Hui

In late June there will be a new flight from Nantong Xingdong International Airport to Mianyang. It will be flown by Shenzhen Airlines. There will be one flight every day from 21 June. Mianyang is the second largest

city of Sichuan. It is called ‘silicon valley of the west’. It is learnt that the flight number of Nantong-Mianyang flight is ZH8651/8652, 14:10 to 17:10 from Nantong to Mianyang, 18:00 to 20:45 from Mianyang to Nantong. Mianyang Airport will also provide free shuttle buses to local train stations for pas-

sengers.

After the summer and autumn season change of flights on 26 March, 10 flights were added in Nantong Airport including Nantong-Nanjing, Nantong- Xining, and Nantong- Guilin. The number of flights per day was increased to above 110. The flights are connected to 37 airports in 36 cities.

Two new public kindergartens in operation soon

By Li Bo

On 9 June, Nantong Innovation District management office and municipal government office administration signed strategic cooperation agreement. There will be two new public kindergartens in Nantong Innovation District — Huarun branch of kindergarten No.1 of Nantong Municipal Government, and Yuanxing road branch of kindergarten No.2 of Nantong Municipal Government.

Yuanxing road branch of kindergarten No.2 of Nantong Municipal Government which will be open this time is located to the southeast of Huayu Jinxiulanwan. The total floor area is about 5500 m2. It is a public kindergarten designed and built according to Jiangsu excellent kindergarten standards. It is planned to be open and in operation in autumn semester of 2023.

Huarun branch of kindergarten No.1 of Nantong Municipal Government is located to the southeast of Huarun Yuefu of Nantong Innovation District. The total floor area is about 4860 m2. It is also a public kindergarten. It is planned to be open and in operation in autumn semester of 2024.

Nantong Buddhist Culture Exhibition Hall open

By Shen Liang

On 11 June, Nantong Buddhist Culture Exhibition Hall located at No.17 Xisi road, Chongchuan district, in the southwest of ancient Tongzhou city, and by Hao River was open to public.

Xisi, also called Xinghua Temple, is one of the four major Buddhist temples in Nantong. Xinghua temple was built in the first year of Qiandao of Song Dynasty

(year 1165). It is one of the few ancient building complexes with Song Dynasty style in Nantong. After several rebuilding and renovations in hundreds of years, the temple still reserves complete pattern. In 1998, it was listed in municipal protected historic sites.

Nantong Buddhist Culture Exhibition Hall which was upgraded just now, includes Buddhist history and culture area on the center axis, Xisi Yaji leisure area in the

west, aesthetic living support area in the east, which presents traditional Chinese art including buildings, statues, wall paintings, stone carvings, and second sentences of metrical poetry, tells contents including history of Xisi and cultural relics protection, and provides experiences such as Song Dynasty aesthetics, zen cultivation, culture and leisure, to succeed excellent traditional culture and Nantong urban cultural context in the background of new times.
